

Front Yard Transformation

We are excited to share the story of a recent landscaping project that truly transformed a front yard into a stunning outdoor oasis. Our team at Green Earth had the privilege of working with homeowners who were eager to reimagine their outdoor space and create a welcoming and beautiful environment.

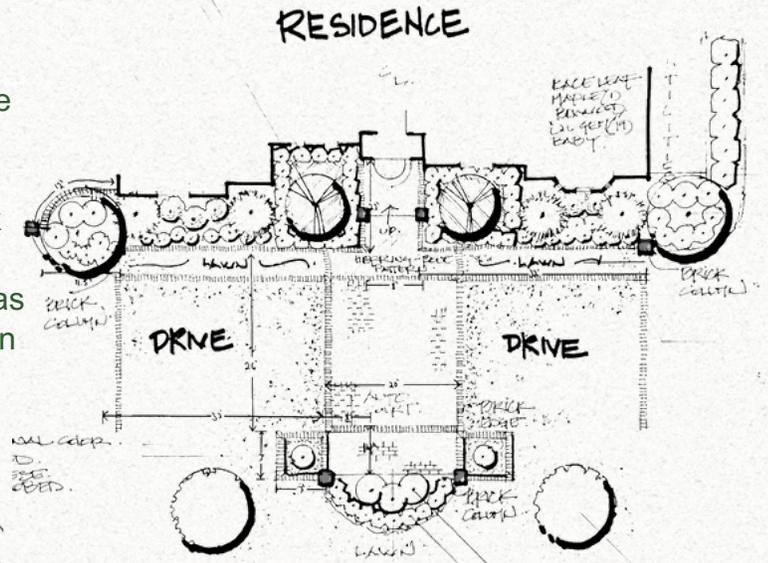

Before

Designing a Dream:

Our journey began with careful planning and design to bring the homeowners' vision to life. We worked closely with them to understand their preferences and needs, incorporating elements such as new flowerbeds, irrigation systems, brick columns and bed borders, driveway layout with brick inlay, lighting, and drainage. Every detail was meticulously considered to ensure the final design complemented the style and architecture of their home.

Project Spotlight

Expert Installation:

Once the design was finalized, our construction team sprang into action to bring the vision to life. From selecting the perfect materials to executing precise installation, we handled every aspect of the project with care and expertise. Our skilled professionals ensured that each element was installed to the highest standards, delivering exceptional quality and craftsmanship. For concrete we enlisted the help of the team at SchayCo Concrete.

Navigating Challenges:

Throughout the project, we encountered various challenges, including coordinating with the city to meet specific code requirements. Our team's experience and expertise proved invaluable as we navigated these obstacles, finding creative solutions to ensure compliance while staying true to the design vision.

Well planned lighting:

We focused on enhancing the outdoor ambiance with carefully selected outdoor lighting fixtures. Each fixture was strategically placed to illuminate key features of the house and landscape, ensuring optimal visibility and aesthetics. By choosing fixtures tailored to each location, we achieved results that not only enhance the beauty of the property but also provide added security and functionality during the evening hours.
